Summary

I'm a passionate computer science student with a strong interest in leveraging technology to tackle real-world challenges. I'm particularly fascinated by Problem Solving, Machine Learning, Cybersecurity,Artificial Intelligence. My current goal is to develop expertise in Data Structure and Algrithms,Problem Solving Skils to contribute meaningfully to the field.

I actively participate in competitive programming, honing my problem-solving skills and algorithmic thinking. Hackathons are a great platform for me to collaborate with like-minded individuals and innovate under pressure. Looking Forward:

I'm actively seeking opportunities to gain practical experience in the tech industry. I'm eager to learn from experienced professionals and contribute my skills to impactful projects

Experience

Frontend Development Internship
CodeAlpha
Jul 2024 - Present (2 months)

Education

North East University, Bangladesh
Bsc Engg. In CSE, Computer Science
Jan 2023 - Dec 2026
